THE NEW SECURI-LID 210

MAKES YOUR HARD-WORKING VEHICLE MORE VERSATILE AND LOCKS AWAY YOUR LOAD WITHOUT COMPROMISING YOUR VEHICLE'S GOOD LOOKS.

INTELLIGENT DESIGN

DRAINAGE SYSTEM

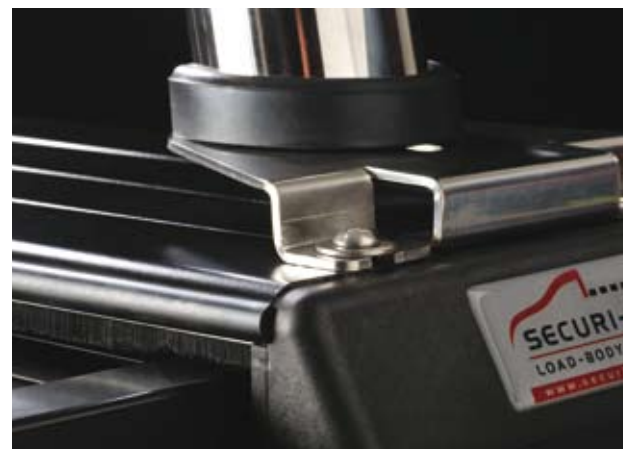

An all-new drainage system means no extra drilling into your vehicle is required.

ROBUST ALUMINIUM SHUTTER SYSTEM

The construction is tough enough for the most challenging conditions. The lid retracts into a canister at the front of the load bin using a hardy spring mechanism with a three-year warranty.

DOUBLE LATCH LOCKING SYSTEM

Easy access is achieved with the quick-release button on the dual-locking mechanism.

ACCESSORIES AND FEATURES

Available in both pearl white and black, The Securi-Lid aims to provide you with the maximum amount of loading versatility.

The side rail which is designed with an integrated channel accommodates the mounting of roof, ladder or bike racks and adds to your utility space. Roll bars are easily adapted and refitted with stylish brackets.
